KEY SPECIFICATION

Cold Water Twin Static

12ltr, 15ltr or 21ltr/min Water Flow

100bar or 200bar Pressure

240v or 415v Power Supply

Full Frost Protection

Auto Stop/Start

The Morclean MCWS/1 and MCWS/2 Twin machines are extremely effective when used in heavy duty applications. With a large water tank and full frost protection and cabinet lagging, these machines are the ultimate in cold water pressure washing. Features include an automatic stop/start system, a robust powder-coated steel door, available in various colours and has a water flow of up to 30 liters per min (2 x 15 liters).
