

Performance Pro HT

The Morclean Performance Pro HT is another addition to the Performance Pro range. This hot water jet wash is built with top of the range components and made with intent for highly professional use. Equipped with a linear MPW5 pump and water cooling, in addition the built-in elastic coupling which allows easier pump and motor coupling.

Ideal for applications in industries such as; agricultural, food, heavy industry, machinery, vehicle cleaning, shipping, quarrying, petrol stations & oil forecourts.

STANDARD FEATURES

- 4 poles electrical motor (1450 RPM) with thermal protection and water cooling.
- Three ceramic pistons, brass linear pump head with built-in by-pass valve.
- Integrated elastic joint, for best pump coupling.
- Low voltage and delayed Total Stop.
- Vertical burner with high thermal efficiency steel coil.
- Auxiliary motor for burner air-cooling and two ways fuel pump.
- Temperature regulation gauge with high sensitive stainless steel sensor.
- Header tank and anti-scale device.
- Pressure accumulator for hose and gun vibrations prevention.
- Hose-reel (optional).

Technical Specifications

Operating pressure / max: 200 bar
Delivery rate: 900 l/h
Absorbed power / Voltage: 7300W/400V-50 Hz 3 ph
Motorpump type: MPW5/1450 RPM
