The Best on the Market

Morclean have been developing wheelie bin wash machines for over 5 years and in this time have been developing the range based on what the user needs- a cost effective, reliable machine that keeps up to date with industry standards.

The Custom Plus machine not only offers this but exceeds standards. With an innovative 6 stages of water treatment using the most up to date aeration and filter technology, the Custom Plus model truly outshines it's predecessors.

8 Stages of Water Treatment:

- > Catchment tray and filter
- > Mesh filter
- > Pre-pump filter
- > Post pump filter
- > Silver Filter
- > Aeration nozzle
- > Self cleaning filter
- > Aeration device

Features

- Self cleaning
- Automated
- Easy to use/simple but effective
- None intrusive, minimal moving parts or service items
- Better and safer working environment
- Uses energy from machine idling
- No extra power source
- Recycles water/water saving
- None moving parts no need to replace as many consumables
- Clean at road side, no return to base
- Increase production with no down time
- Better selling features to present to the operator's customers

The only wheelie Bin Wash machine with 8 stages of water treatment
