

MV 5, 10, 15 & 18 DRY VACUUM CLEANERS

These are the toughest small industrial vacuum cleaners you can buy. The motor heads are electrostatically powder-coated pressed steel and the canisters are non-magnetic corrosion resistant stainless steel, or electrostatically powder-coated pressed steel. They are all fitted with our powerful yet reliable twin fan motor to give years of faithful service. Excellent manoeuvrability and stability is ensured by their four widely spread heavy-duty castors. The MV 18/1 is mounted on a sturdy tubular steel caddy, especially suitable for rougher floor surfaces. All these models have the facility to attach the hose to the exhaust to make a powerful blower. These advanced features and their compact light design are especially suitable for light industrial use.

FEATURES

- Twin fan motor
- Thermal switch protection against overheating
- Double filtration – disposable paper bag and cloth filter
- Choice of disposable paper bag or reusable cloth bag
- Optional high efficiency cloth filter
- Extension wands and bent hose end made from non-magnetic 304 Grade Stainless Steel
