

EP Series: Electric Driven 300-700 bar

COLD WATER | 400/440v - 50/60Hz

15-22kW high-efficiency Nicolini motor,
sturdy painted tubular frame with
anti-corrosion treatment

AISI 304 stainless-steel coated panels,
ergonomic grips for easier manoeuvrability,
4x Ø 320 all road foam wheels with roller bearings
and practical housings for gun and lance.

Direct water suction with 100 mesh water filter
with easily replaceable cartridge. Flexible
motor-pump coupling joint, industrial low-voltage (24V) power,
control panel with star-delta starter and 10 meters of power cable

FEATURES

- Safety switch with thermal relay for motor protection
- Main switch, start/stop buttons, emergency stop
- Hour counter
- Glycerine filled pressure gauge
- Stainless steel unloader valve
- EASY START system

ACCESSORIES INCLUDED

- High pressure gun with quick release coupling
- 20m high pressure hose 3/8" with quick coupler M24x1,5
- Straight 1200mm SS lance | Flat jet nozzle

Approx. Dimensions (mm): Length 1,000 | Width 750 | Height 850

Approx. Net Weight (kg) - Standard: 180/210

Flow Range (l/min: 15/30 | Pressure Range 300/700 bar

From 15kW to 22kW | Options also available at 30-38Lpm and 300-700 bar

Model	Flow Lpm	Pressure (Bar)
